Here at Green Mount Global, we emphasize to preserve our heritage and culture by inculcating the sense of respect in the young minds to discharge their responsibilities to their family, society and country

Education as is rightly said that if is the most valuable asset, a human being can possess, which cannot be stolen can't be diminished rather its value invariably increases with time and experience. Believing in the concept, we make difference between manners and abilities of children by taking great care in forming their minds and giving them that seasoning early growth which shall influence their lives always. After we take due care to keep the body in strength and vigour. We create situation for children's mind to be obedient to rules and pliant to reasons.

MY GREEN MOUNT GLOBAL SCHOOL

Green Mount gives us all, with excellence in deed.
It gives us more than gold, life strong and steady so
